

## Web Site\* References\*\*

\*This is a listing of relevant web sites that can be used for biology and wildlife related resources and information. The more useful sites can be book marked for quick access. Please consult with a Mississippi NRCS Wildlife Biologist to be sure information and practices comply with MS NRCS policies and goals before recommending them to clients.

\*\*NRCS does not endorse any commercial products, trade names or vendors. Web sites are listed because of potential **technical** content or contacts only. Because of the infinite number of relevant sites available on the web, this listing only contains those sites known to the editor at this time. Also site locations may be changed or removed from the internet at any time. If there are any errors or changes that need to be made to this list or to add any sites not listed that are relevant to NRCS's biology related issues please contact: Glynda Clardy, Acting Wildlife Biologist, MS NRCS, at: phone 601-965-4139, ext. 240; e-mail [gclardy@ms.nrcs.usda.gov](mailto:gclardy@ms.nrcs.usda.gov); or mail to Suite 1321, Federal Building, 100 West Capitol Street, Jackson, MS 39269.
